

# AMERICAN TRUST & SAVINGS BANK

The SHAZAM Bolt\$ app has been renamed Brella. This change took effect May 1, 2020. If you were a SHAZAM Bolt\$ user, you should have received an email making you aware of any action you must take. Depending on your type of cell phone, the update will take place as follows:

- **iOS®** — Brella will be released as an automatic update to all BOLT\$ users.
- **Android** — Users need to download Brella as a new app. To do so, visit the Google Play Store, search “Brella Card Manager” and download the new Brella app to your device.

Once you have Brella, the transition should be seamless, meaning all BOLT\$ usernames, passwords, registered cards and app functions will continue to work in Brella as they do today.

A Quick Guide may be found on the next page.

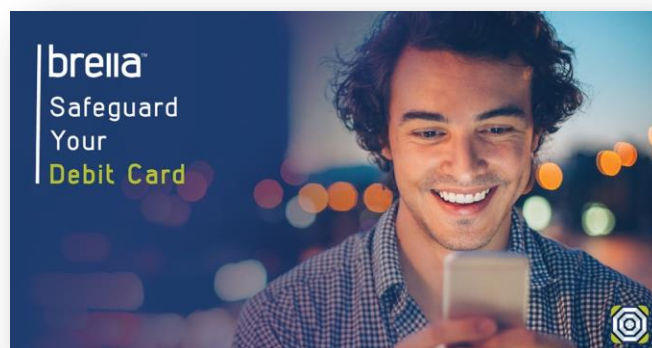

Brella is a free mobile app that helps protect you from fraud by sending alerts when your card is used so you can quickly detect unauthorized activity. You choose which alerts to receive and when. Alerts include:

- Purchases exceeding thresholds you set.
- Purchases made via the internet or over the phone.
- Suspicious or high-risk purchases.

With Brella, you can also:

- Check your account balance without logging in with the Quick Balance feature.
- Turn your debit card off or on. This is great if you misplace your card!
- Find nearby ATMs.
- Submit travel notices.
- Log in with just your fingerprint.

We hope you take advantage of this powerful tool. If you have any questions, please give us a call at (563) 941-5391.
